ALL THE GOSPEL FOR ALL THE WORLD

Greetings from The Director of The Gospel Hour, David B. Greene
— October 2024 —

From the Director

Dear Friends:

Welcome to our fall 2024 annual letter to our Gospel Hour family. We have some very good things to tell you about, but also some

sad things. Also, as we do every year, we have included our updated Gospel Hour Brochure containing all the bibles, books, CDs and other Christian materials to support you in your walk with Christ. As you browse the brochure, I'm sure you will find some items that will make wonderful additions to your library and that you will want to share with others you love.

Death is inevitable and is a part of life. It has entered the life of my family and me recently. I'm sad to report that my brother, Tom, passed away on August 7. He had been battling several illnesses for about two years and when he contracted pneumonia, he could not fight it off and the Lord took him home. We know he is in a better place, but we still grieve for the loss of his presence and companionship. However, we know we can take refuge in Psalm 147:3, which states: "He healeth the broken in heart, and bindeth up their wounds." Please pray for us as we continue to deal with his loss.

I'm very happy to report that we now have all three volumes of my father's verse-by-verse commentary on the Gospel of John in print. As most of you know, my dad's verse-by-verse radio series study of John's Gospel is now playing on the Monday through Friday broadcast. Many have ordered the written commentary set to follow along with the radio messages and are reporting that the written and vocal studies combine to give them a much better understanding of the Gospel of John. I hope you'll order your set soon if you have not already. If you want to order one volume at a time, you are welcome to do so.

Also, we are in the final stages of preparing two new short series of messages on CD by my dad. One, which we call "The Gospel in a Nutshell," will have two sermons plus music. It will be a great help to you as you witness to someone, especially if you use John 3:16 to tell that person about salvation. The second is on the subject "The Judgments of Revelation." This series was taken from my father's verse-by-verse study of Revelation on the radio. Please listen to the broadcast for more news about both of these new offerings.

As we begin to move toward the end of 2024, I am happy

to report another new project we are working on. After getting the commentary on the Gospel of John back in print, we next wanted to get The First Epistle of Paul the Apostle to the Corinthians back in print. When we received a quote from the printer we usually use, we were shocked to see how much the cost of printing has risen. Truly, inflation is affecting every part of our lives. However, the Lord provided and we hope to have the book back in stock by late November.

More and more each day I am assured that the Lord leads us and leads others to us to further His will. This is shown clearly by how we were blessed several months ago. A friend my family has known for years and think the world of came into the office one day and asked if there was anything he could do to help the ministry since he is now retired and looking for ways to fill his day. His name is Duke, and we told him thanks but we could not really afford to hire a new employee at this time. He said he did not want to be paid but just wanted to help the ministry. He now comes in two or three times per week and is a very positive addition to the other members of our dedicated and faithful staff. The Lord truly led him to us at this time for he has been a help in many ways. Truly, the Lord knows our needs and fills them according to his will.

Another great thing came from his coming in that day. Duke's family was good friends with the missionary family (Jim and Nancy Rose) we supported for many years in Brazil until their health forced them to retire from active service. We had lost touch with this family until Duke mentioned that Rev. and Mrs. Rose's daughter and her husband, Milton, are continuing the ministry outreach begun by her parents. Milton was saved during a revival conducted by Rev. Rose and is now a minister himself. We invited this couple to come to the office and, while they were in the US, they came and filled us in on the wonderful things they are doing for Christ in Brazil. We prayed about it and decided to add them as one of the missionaries we support. Then, as a result of that, we have redesigned our Missionary Support brochure, where you can learn more about our missionary support program. Please call, write or email us to get your copy.

In closing, I and all our staff want to extend to you our heartfelt thanks for your prayers and support during 2024 and hope you will continue to support us on into 2025. May the Lord bless you and keep you in the center of His will.

— David B. Greene, Director

Praise from Our Listeners

"I am amazed and stand in awe of our God, for Oliver transcribed these messages many years ago, yet, in 2024 they are as relevant as when he recorded them. I love it!"

"2024 is flying by! Our country seems to be falling away from God at a fast pace. The time to be saved will soon be over. The Word of God needs to be heard before it is too late. I thank God you have been able to keep your father's messages on the radio."

"Throughout this year several grandmothers have called us to share that their grandchildren (ages 9-12) have accepted Christ. These same grandmothers also shared how they grew up listening to the program with their mothers and grandmothers. What a wonderful testimony!"

"Over 50 years ago the Lord Jesus Christ saved me while listening to Brother Greene on the radio. My life completely changed from being a Catholic, worldly lost woman to a very happy daughter of our Heavenly Father and Lord Jesus Christ. No matter what is taking place in my life I have peace and joy in His Kingdom."

"You would never know Brother Greene has passed over because his messages are so relevant for today. This lets us know God's Word is real now and forever."

Atomic Statements from The Preacher

Light sounds no trumpet—rings no bells—makes no noise, but Light penetrates the darkest night!

We cannot all be beacons; we cannot all be lighthouses, but we can all be lights—and don't forget that many times it has been the "Lower Lights" that have guided the ships around the rocks.

Jesus is not a fire escape! He is a loving Saviour, a friend that sticketh closer than a brother, a very present help in time of trouble. He is One who wants to go with us every day all the way even unto the end. It is an insult to God for one to try to use salvation as a fire escape to miss hell!

When you can't see in any other direction, look up.

Some people never think of the Lord Jesus until they are about ready for the graveyard . . . they want Him to walk with them "through the valley of the shadow of death" but they do not want to walk with Him through life.
